## 22 Reasons for nationalism in Europe :-

### (i) Rise of Middle class :-

In Europe, a new class came into existence by industrialisation and trade which is called middle class. Middle class constituted people who were doctors, industrialists, bankers, etc. They demanded to end the special privileges enjoyed by aristocratic class. It infused a feeling of nationalism.

### (ii) Revolution in France and Italy :-

Revolutions took place in France and various countries which gave rise to

belief that there is no relevance of any superhuman power and the king must not be autocratic.

(iii) Liberalism <sup>in Trade</sup>: In Europe, nationalism was nurtured by liberalism and democracy. People wanted the freedom of market. So, a tariff union named Zollverein was formed. It decreased the number of currencies to 2 and eliminated unnecessary restrictions.

(iv) Contribution of language & folks:- After Russian domination, Russian language was forced to be adopted by people in place of Polish language. Polish was used in religious activities. So, people opposed it Russian language.

Q3 For success of democracy, 2 conditions are necessary:-

(i) Peace and Security:- There should be peace in country. There must be fear of armed revolt, war in the citizens. If there is condition of revolt or war, emergency was imposed which gave way to centralization of powers and democracy becomes unsuccessful.

### (iii) Educated and Aware citizens :-

The people of the country must be literate and aware for the success of democracy. Only educated people are capable of forming responsible government and to oppose wrong policies of government.

### 24 Four characteristics of Indian Economy as a underdeveloped economy.

(i) Low per capita income :- In 2011, the per capita income of India was 1590 American dollars or 101 lakh 11 thousand rupees. It is lower than our neighbouring countries like China, Sri Lanka, Bangladesh.

(ii) Low living standard :- Health and education are 2 indispensable elements of living standard. In 2011, the literacy rate of India was 74.04%. Almost 25% people were illiterate. According to world bank, in 2014, the life expectancy of India was 68 years. It portrays Indian economy as underdeveloped economy.

(iii) Problem of Poverty :- According to Suresh Tendulkar, 21.92% people of India were poor in 2011.

The backwardness in poverty is a character of underdeveloped economy.

civ) Demographic factors:-

Birth rate, mortality rate, mother mortality rate, infant mortality rate, all are very high in India. The population growth rate of India is 17% which is very high. It tells about the backwardness of Indian economy.

25 Institutional sources of credit are those sources which are regulated, controlled by Reserve Bank of India and government. They work under the RBI.
