	The Editor Dainik Bhaskar Ajmer	Subject :- to draw the attention of authorities towards the drainage system.
	sir	Through the columns of your esteemed newspaper, I would like to draw the attention of the concerned authorities towards the poor and ill-maintained drainage system of our city. The drains are shallow and small in size. At most times they are choked with garbage which results in overflow of water. This can be a serious hazard for people's health. Therefore I request the authorities to look into the matter and do the needful as soon as possible.
		Thanking You.

Yours sincerely
